

**ParametricsMedical**

## Introducing Patient Size Matched Meniscus

- All tissue is recovered and processed under aseptic conditions
- Donors carefully screened using the most stringent criteria in the industry
- Tibial bone block is compatible with various Meniscus transplant techniques
- Each Meniscus is precisely matched using the patient's radiographs

### Ordering a Frozen Meniscus Allograft

- An X-ray (A/P and Lateral) is required for proper graft sizing. Please indicate what magnification marker is used on the X-ray.
- Send the completed Meniscus Allograft Order Form and X-ray to: [sales@parametricsmedical.com](mailto:sales@parametricsmedical.com) or mail to:  
**Parametrics Medical**  
**Attn: Patient Meniscus**  
**2006 S. Bagdad Road, Suite 100,**  
**Leander, TX 78641**
- We are not able to ship any graft without a valid Purchase Order Number.
- Once a graft match is found, we will fax/email the surgeon a Meniscus map which must be reviewed, signed and returned prior to securing the graft for surgery.
- After we have received the signed Meniscus map, we will keep you updated regarding the graft's release status. It will be your responsibility to ensure that your surgeon and patient are properly updated.
- We maintain a substantial inventory of frozen menisci that can be shipped immediately following the receipt of the appropriate documentation.
- After the graft is released, Parametrics Medical will work with your local sales representative to schedule the delivery of the graft.
- Instrumentation is available for Lateral Meniscus transplant only.
